

VOLUNTEER INSTRUCTIONS

This pivotal station will be the last place students attend before exiting the event. Your job as a volunteer is to verify student materials are completed, including the questions on the back of their Student Status Packet, and collect their items. Each student will visit your table as a last stop on their Test Drive...Next Stop Reality tour.

Check Out

Ask, "May I please see your Road Map?"

- Verify that students have visited every station by looking at the column on the right side of each page of their Road Map. If they have visited all the stations, there will be a stamp in each box. (Job Center and Police Encounters are optional and may not be marked.)
 - If stations have been skipped, have them go back to the station they missed to complete a transaction.
- If time permits, you can look at the back of their Road Map and ask questions pertaining to their outcome such as:
 - Did you run out of money? If so, why do you think you ran out of money?
 - Since you had money left over, how did you decide to use the extra money (refer to the last page of the Road Map.)
- **Make sure students complete the reflection questions on the back page of their Student Status Packets** (their Personal Finance teachers will be reviewing this portion of their materials).
- Once they have completed everything, collect their Student Status Packet and Road Map. *You can place the Road Map inside the Student Status Packet.*
- The pen is theirs to keep if they want it! If they don't want their pen, have them drop it in the basket at your table.
- Please direct students to exit the gym and go back to the Check In station to retrieve their phones and take a quick post-event survey.

Important Notes:

- When students turn in their Test Drive materials, please place them in the container provided (no need to sort or separate them).
- We will give the container to the Personal Finance teachers at the end of the event.

Thank you for participating in Test Drive...Next Stop Reality®!
